

Your Responsibilities:

- You will be trained in the profession of a stock exchange trader by our senior traders. You will receive training and instruction in all areas, such as software-supported trading systems, price supply, fundamental analysis and chart analysis
- You support our senior traders in their daily work and take over your own projects after the training
- You actively follow the national and international markets, think about trading ideas for primarily short-term oriented trading strategies, such as news trading, arbitrage and implement them after consultation with your senior trader
- Within the framework of defined risk limits, you take responsibility for the management of stock positions within your team
- You routinely and confidently apply the existing trading support programs and workflows for risk management and revenue optimization
- You provide ideas for optimizing our trading support programs and workflows and actively participate in the development process and testing of new systems together with our IT experts

Your Profile:

- You have successfully completed an apprenticeship or a university degree
- You are interested in the stock market and have already gained some experience in trading securities
- You are highly motivated and eager to work in the exciting environment of the global stock market
- You are able to keep a good overview even under stress and time pressure
- You are able to keep an eye on a multitude of information as a central interface
- You have an affinity for working with numbers and are interested in a modern technical working environment
- You bring a high degree of flexibility and are equally flexible in a day, late and night shift model
- You are an enthusiastic team player and can quickly identify with a positive working environment
- You have a good knowledge of MS Office, especially MS Excel (VBA knowledge is a plus)
- You have a good command of written and spoken German and English

About Orca Capital:

- Monthly Fixed salary as well as an above average performance-based bonus (not capped)
- Orca Capital helps you to develop your own trading strategies
- Flat hierarchy's and quick personal development opportunities
- The Management is always open for new ideas
